

## From Jay & Sue

Well we are all settled into our new space. It looks very much like the old space just bigger. An occasional scent of Mexican or Asian cooking hasn't been a big issue yet. This year the theme is "Get it done!". Start a project and get it done. We plan to have some ways to help you do that. From showing you how to sew your binding to your quilt with the longarm to classes on piecing and techniques on binding, and open sewing time in the shop with knowledgeable quilters willing to answer your questions and share their knowledge. Get your projects done and get your name, picture or both added to our "Got it done!" wall of fame. Every project done and added to our wall will be a chance for a drawing at the end of the year. Show your done project to Sue or Jeannette for a Got It Done ribbon for the wall.

## Quilt Show

Our Annual Quilt Show has come and gone. We had a lot of visitors through the shop the week prior to Valentine's day. Now we are starting our 5th year in business!

We had over 220 people vote for their favorite quilt. Many of them complaining that they could only vote for one.

The under 12 crowd selected the farm quilt as their favorite.

The Teen's chose the game quilt as theirs.

The trip around the world quilt caught the eye of the majority of our 20 to 53 crowd and the over Sue's age group also, thus giving it the most votes over all.

Go to our website to see more pictures from the show.
